

SPANISH INTENT

Though our Spanish curriculum strive to equip our pupils with the confidence and language knowledge to hold conversation in Spanish. We aim for all of our children to have acquired an understanding of spoken and written Spanish. We aim to make Spanish accessible to all members of our school through the use of stories, songs and visual cues. Through our Spanish scheme we allow our children to acquire and build upon a bank of key vocabulary.

We aim to embed an appreciation of different cultures and instil the importance of cultural awareness amongst our children.
